- a. The chairman reminded councillors of the content of the application and referred to the comprehensive questionnaire prepared by the Council to gauge the resident's feeling on the matter and of their resounding response. Of the 91 questionnaires which were distributed 77 responses (85%) were received. Over 92% stated that the number of planned lodges was excessive; over 80% indicated that it would be a burden on the current village infrastructure and greatly increase traffic volumes and over 70% felt the development would bring no additional benefits to the community.
