a. Update on group's progress.

10 or 11 point plan in Oct. ERYC got back with report on Friday, not accepting any of our objections due to our safety record, they focus their budget on fatalities. Will do a traffic survey together with Melbourne. Traffic makings are adequate.

If we want chicanes we will have to pay circa £45,000

VAS Vehicle activated signs – PW asked if we could buy one.

Community speed watch – We can do this if we liaise with road safety people and Police.

Another light recommended.

a. pensions TWH advised that the PC are obliged to offer the PC clerk a work place pension, although the Wage paid is below the threshold to automatically pay a work place pension. A draft letter is to be created to offer the clerk the opportunity and advise them of their rights to a work place pension.
